PROJECTS/INITIATIVES

Projects are listed in alphabetical order. To facilitate reading, each project is described in three bullets, covering:

- tags that describe the project's main activities, and also its theme;
- any organization with which the project was implemented. In the case of multiple partners, as with many of our EU-funded projects, the Project Leader is listed and not the entire consortium;
- the project's funding authority, if any. This include total and partial funders.

Where available, weblinks are provided since more detailed information – including publications – is readily available online.
